

Group 1:

Ali McLeroy

Sadi Trujillo

General Information:

- Website that aims to sell textbooks to students, used and new
- Features planned include shop page (draft design pictured below), login page, home/about page with mission statement, sign-up pages, etc.
- [Repo Link](#)

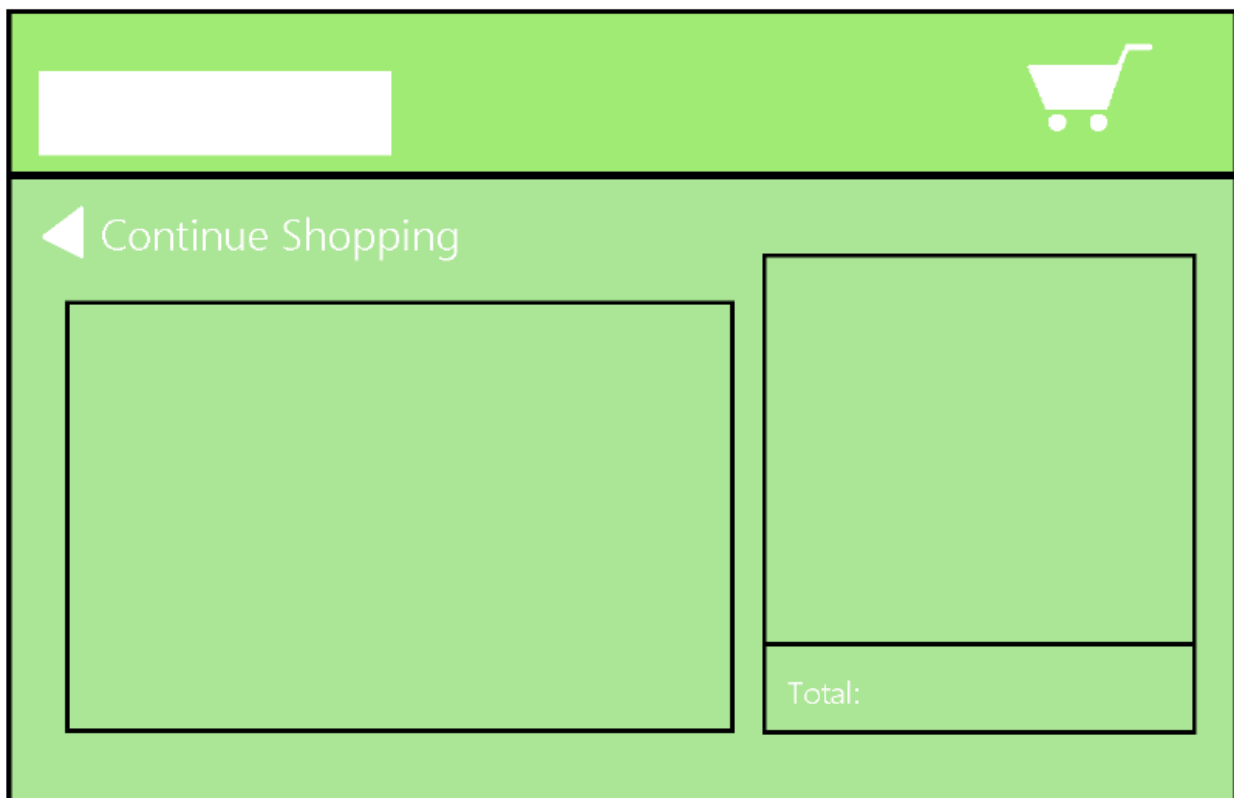

Store Page:

- Cart icon with current cart total
- +/- Icon and buttons for adding stock to cart
- Blocks with dropshadow, graphic, price, information, etc. about products for sale on our website

- Lines likely to be thinner in final version than in draft
- Logo + other links for pages as needed on upper left and right header of website, sticky header w/ potential drop shadow
 - Planned links include: User profile/Login page link
 - Clicking logo will take user to an About page
 - Clicking cart will take user to a Checkout page w/ cart confirmation
- Footer w/ copyright information, publication, repo link
 - Header and footer planned to stick while user scrolls through stock w/ drop shadow below header and above footer to give feeling of depth
- Green color scheme, potentially lighter shades in actual implementation, colors are mainly stand-in ideas currently

Checkout Page:

- Smaller header, still sticky w/ drop shadow
- Continue shopping link that takes user back to store page on top left

- Visual tally of inventory + number of items purchased in left square
- Right square contains total prices of each item, total price of cart, checkout button
- Sizes, fonts, line thickness, etc. subject to change

Home/About Page:
